Subject:

INDIRECT COST RATE PROPOSAL AUDIT - COUNTY OF SIERRA, DEPARTMENT OF

TRANSPORTATION

At the request of the Independent Office of Audits and Investigations, the State Controller's Office completed an audit of the County of Sierra, Department of Transportation's (County) Indirect Cost Rate Proposal (ICRP) for fiscal year 2014/15 through 2016/17. The purpose of the audit was to determine whether the ICRPs were presented in accordance with Title 2 Code of Federal Regulations (CFR) Part 200 and Caltrans Local Assistance Procedures Manual Chapter 5. In addition, the audit was performed to determine whether the County has adequate accounting controls to properly manage federal- and state-funded projects, and whether the county's procurement policies and procedures were in compliance with 2 CFR 200 and 49 CFR Part 18.36. The complete audit report is attached.

The audit did not disclose any findings. No further action is required.

If you have any questions, contact Luisa Ruvalcaba, Audit Manager, at luisa.ruvalcaba@dot.ca.gov

MarSue Morrill, Chief External Audits – Local Governments Audits and Investigations California Department of Transportation 1304 O Street, Suite 200, MS 2 Sacramento, CA 95814

Dear Ms. Morrill:

The State Controller's Office audited the indirect cost rate proposals (ICRPs) of Sierra County's Department of Transportation. The audit period included ICRPs for fiscal year (FY) 2014-15, FY 2015-16, and FY 2016-17. The audit was performed at the request of the California Department of Transportation (Caltrans) Audits and Investigations.

The purpose of the audit was to determine whether the ICRPs were presented in accordance with Title 2, Code of Federal Regulations (CFR), Part 200, and the Caltrans Local Assistance Procedures Manual, Chapter 5. Our audit was also performed to determine whether the county has sufficient accounting controls to properly manage federal- and state-funded projects, and whether the county's procurement policies and procedures were in compliance with 2 CFR 200 and 49 CFR 18.36.

The county submitted ICRPs for the Sierra County Department of Transportation with rates of 0.00% for FY 2014-15, 24.41% for FY 2015-16, and 24.62% for FY 2016-17. Our audit found that the county's ICRPs are in compliance with the cost principles prescribed in 2 CFR 200.

If you have any questions, please contact Andrew Finlayson, Bureau Chief, by telephone at (916) 324-6310.

Sincerely,

JIM L. SPANO, CPA Chief, Division of Audits

## **Audit Report**

### Summary

The State Controller's Office (SCO) audited the indirect cost rate proposals (ICRPs) of Sierra County's Department of Transportation. The audit period included ICRPs for fiscal year (FY) 2014-15, FY 2015-16, and FY 2016-17.

The purpose of the audit was to determine whether the ICRPs were presented in accordance with Title 2, *Code of Federal Regulations* (CFR), Part 200, and the California Department of Transportation's (Caltrans) *Local Assistance Procedures Manual* (LAPM), Chapter 5.

Our audit was also performed to determine whether the county's accounting controls properly manage federal- and state-funded projects, and whether the county's procurement policies and procedures were in compliance with 2 CFR 200 and 49 CFR 18.36.

The county submitted ICRPs for the Department of Transportation with rates of 0.00% for FY 2014-15, 24.41% for FY 2015-16, and 24.62% for FY 2016-17. Our audit found that the county's ICRPs are in compliance with the cost principles prescribed in 2 CFR 200.

### Background

The County government is overseen by an elected five-member Board of Supervisors. The Board of Supervisors sets priorities for the county and, through delegated authority to the County Administrative Office, oversees most County departments and programs, including the Department of Transportation.

The Department of Transportation provides services to the public through its engineering, maintenance, operations, and administration to carry out responsibilities including road construction, maintenance services, acquisition and deposition of real property related to county public improvements, county property lease services, developing plans for future construction of county facilities, and other public services.

We performed the audit at the request of Caltrans (Audit Request Nos. P1594-0062, P1594-0063, and P1594-0064). The authority to conduct this audit is given by Interagency Agreement No. 77A0044, dated June 1, 2014, between the SCO and Caltrans, which authorizes the SCO to perform audits of proposed ICRPs submitted to Caltrans from local government agencies to ensure compliance with 2 CFR 225, 2 CFR 200, and the Caltrans LAPM, Chapter 5.

## Objectives, Scope, and Methodology

We conducted the audit to determine whether:

- The county's ICRPs are in compliance with the cost principles prescribed in 2 CFR 225 and 2 CFR 200;
- The county's ICRPs are in compliance with the requirements for ICRP preparation and application identified in the Caltrans LAPM, Chapter 5;

- The county's accounting controls properly managed federal- and state-funded projects; and
- The county's procurement policies and procedures are in compliance with 2 CFR 200 and 49 CFR 18.36.

The audit period is as follows:

	Proposed	Rate
Period	Rate	Type
July 1, 2014, to June 30, 2015	0.00%	Fixed
July 1, 2015, to June 30, 2016	24.41%	Fixed
July 1, 2016, to June 30, 2017	24.62%	Fixed

To achieve our audit objectives, we:

- Reviewed the county's prior ICRP reports issued by the SCO for FY 2011-12 for findings related to the objectives of the audit;
- Reviewed the single audit reports issued by various public accounting firms for FY 2012-13 through FY 2015-16 for findings related to the objectives of the audit;
- Reviewed the county's written policies and procedures relating to accounting systems, procurement, and project/contract management;
- Interviewed employees, completed an internal control questionnaire, and performed a system walk-through in order to gain a limited understanding of the county's internal controls; accounting systems related to timekeeping and payroll; procurement and billing processes; accounts payable; and accounts receivable;
- Assessed the internal control system related to the ICRPs for FY 2014-15, FY 2015-16, and FY 2016-17, based on the review of written procedures and policies, internal control interviews, and walkthroughs;
- Based on our internal control assessment, designed a non-statistical sampling plan for direct and indirect costs reported in the ICRPs;
- Judgmentally selected a non-statistical sample of direct and indirect costs reported in the ICRPs, and performed a limited test of controls to confirm and validate that documented processes and procedures were functioning as designed. Tested the cost and financial accounting system to ensure that the system can identify projects, activities related to projects, direct costs, and indirect costs, as indicated by the county's written policies and procedures and internal control interviews. We also tested the same sampled costs to determine whether the amounts claimed were adequately supported and in compliance with 2 CFR 200:

#### Salaries and Fringe Benefits

- Sample: Eight transactions, totaling \$63,647 for FY 2012-13
- o Population: 300 transactions, totaling \$1,753,375 for FY 2012-13
- Sample: Eight transactions, totaling \$57,563 for FY 2013-14
- o Population: 252 transactions, totaling \$1,610,375 for FY 2013-14

- Sample: Eight transactions, totaling \$61,871 for FY 2014-15
- Population: 264 transactions, totaling \$1,688,231 for FY 2014-15
   Non-Salary-Related Indirect Costs
- o Sample: \$59,740 for FY 2012-13 through FY 2014-15
- o Population \$257,976 for FY 2012-13 through FY 2014-15

Errors found in the samples selected were not projected to the intended population<sup>1</sup>;

- Determined whether payments to contractors were made in a timely manner and were billed to Caltrans subsequent to payment;
- Verified that the actual indirect costs recovered by the county were at the Caltrans approved indirect cost rate; and
- Verified that the county's invoices to Caltrans for approved projects are in compliance with the Caltrans LAPM, Chapter 5.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We did not audit the county's financial statements. The scope of the audit was limited to select financial and compliance activities. In addition, our review of internal controls was limited to gaining and understanding of the transaction flow and accounting controls to determine the county's ability to accumulate and segregate reasonable, allowable, and allocable indirect and direct costs.

### Conclusion

### Our audit found that:

- The county's ICRPs were in compliance with the cost principles prescribed in 2 CFR 200;
- The county's ICRPs were prepared in compliance with the Caltrans LAPM, Chapter 5;
- The county's accounting controls properly managed federal- and state-funded projects; and
- The county's procurement policies and procedures were in compliance with 2 CFR 200 and 49 CFR 18.36.

<sup>&</sup>lt;sup>1</sup>As these samples were not statistical, we made no assumption that errors would also be found in the transactions not sampled.

Follow-up on Prior Audit Findings

The last ICRP audit for FY 2011-12 included an audit finding. Based on the work performed in the current audit, we noted that the county has taken appropriate corrective actions in response to the audit finding.

Views of Responsible Officials We discussed our audit results with the county's representatives during an exit conference conducted by telephone on April 11, 2019. Lynnea White, Interdepartmental Fiscal Officer, and Caleb Nelson, Chief Deputy Auditor, agreed with the audit results. Ms. White declined a draft audit report and agreed that we could issue the audit report as final.

### **Restricted Use**

This report is solely for the information and use of Sierra County, Caltrans, and the SCO. It is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit distribution of this audit report, which is a matter of public record.

JIM L. SPANO, CPA Chief, Division of Audits
